

PILOT CHECKLIST

IVAO ATC Malta Operations, by Max Micallef

PILOT

Be sure you are competent to fly your aircraft, that you are familiar with online flying and that you know how to interact with controllers;

- ✓ Prepare your flight: departure, destination, route, altitude, etc...
- ✓ Have all the charts for your flight;
- ✓ Check NOTAM and weather information;
- ✓ Start your simulator, set your aircraft and open IvAp;
- ✓ Connection: use proper callsign and EU servers if possible for Malta members;
- ✓ File your flight plan;
- ✓ Check your microphone in TeamSpeak;
- ✓ Before moving, check one last time for any online controller;
- ✓ Start flying !
